

Kubtec partners with NDT Technologies for security systems

Fairfield, CT, April 20, 2005. Kubtec has entered into a partnership with NDT Technologies Pvt. Ltd. of India. NDT Technologies will represent and support the sales of mail security systems designed and manufactured by Kubtec, through its sales network all over the country.

Kubtec offers the XSIGHT series of x-ray inspection systems for the mail security industry. Systems are available for inspection of parcels, mailbags, and briefcases. NDT Technologies maintains an extended network of sales and service engineers throughout India. With this partnership, sales and service for the products will be available in India as well.

“India is going through a rapid growth phase and mail security systems will play an important role in government and commercial safety. We continue to support our customers by offering this critical piece of equipment” said Mr. Mukesh Arora, Director of Sales and Marketing for NDT Technologies.

#####
