

X-RAY SOURCES

LARGE VARIETY OF X-RAY SOURCES TO MEET ALL
YOUR APPLICATION NEEDS

MONOBLOCKS (Integrated Sources):

- 40 kV, 6 watts
- 50 kV, 50 watts
- 80 kV, 40 watts
- 120 kV, 40 watts
- 160 kV, 320 watts

MICRO FOCUS (High Resolution Sources):

- 80 kV, 5 μm focal spot size
- 90 kV, 4 μm focal spot size
- 100 kV, 4 μm focal spot size
- 130 kV, 5 μm focal spot size
- 150 kV, 5 μm focal spot size

HIGH VOLTAGE SYSTEMS (Traditional Source Tubes & High Voltage Generators):

- 160 kV, 3 kW
- 320 kV, 4.5 kW

We provide these and other x-ray source systems for various applications. All sources come with the manufacturer's standard warranty. Installation and training on new units as well as disposal services for old x-ray sources are available. If you don't see a source you need or require additional information on any of the above, please feel free to contact us.

Specifications are subject to change without notice.
